## **CHINESE GEOGRAPHICAL SCIENCE**

(English Edition, Quarterly, started in 1991)

CHINESE GEOGRAPHICAL SCIENCE is a comprehensive geographical journal published in English in China. It is undertaken by the Chinese Academy of Sciences, sponsored by Changchun Institute of Geography, the Chinese Academy of Sciences, edited by the Editorial Department of the journal, and published by Science Press, Beijing, China.

CHINESE GEOGRAPHICAL SCIENCE carries original research papers, review articles and case reports concerned with physical geography and its sub-disciplines (landscape ecology, environmental geography, climatology, hydrogeography, geomorphology, pedogeography, biogeography, etc.), human geography and its sub-disciplines (economic geography, population geography, urban geography, social geography, cultural geography, historical geography, etc.), cartography, remote sensing and geographical information system.

CHINESE GEOGRAPHICAL SCIENCE can provide rich, full and accurate information. If you want to keep abreast of current development in Chinese geographical research, understand the role of Chinese geography in national economic construction in China, know the current education of Chinese geography, find out all of the geographical changes taking place in the course of China's reform and opening to the outside world, and obtain Chinese geographical information for your study on global issues and regional comparison, please contact
